# Employee Assistance Program

LOCAL  
SOLUTION-  
FOCUSED  
COUNSELING

## Addressing Your Employee Needs

Family Services of Central Alberta has been working with local employees for the past 10 years - providing comprehensive, timely counseling services to meet your employee needs. We are part of the Family Services-EAP network working across Canada. We will negotiate an agreement specific to your company needs and at a fair market value.

What do you get?

- local based professional counselors
- response to any referral within 48 business hours
- access to nationally recognized employee workshops run locally.
- a service which will help you retain and recruit staff

CONFIDENTIAL---EXPERIENCED

PROFESSIONAL COUNSELLORS

LOCALLY BASED

COST EFFECTIVE & COMPETITIVE

## Retain your STAFF

In our competitive labour market, every business needs to offer support to their employees and their families.

Individualized care plans tailored to the needs of an individual, couple or family will focus on solutions, building on strengths and moving forward. Time limited interventions to help your employees be as successful at home as they are at work.

## Get your services locally Your Investments

Our professional counselors are registered, hold masters degrees and, as a team, have over 70 years experience helping individuals and families deal with issues such as depression, drug use, grief, marital discord, behaviour and communication difficulties

## Recruit New Staff

Market research indicates that Employee Benefits such as a comprehensive Employee Assistance Program is a key element of Canada's 100 most successful businesses.

## Improve staff performance
